## **Product information**

The induction-hardened, solid steel cutting rollers guarantee durability.

The full bin is indicated via the display and the machine switches off automatically.

For convenience, there are castors on the document shredder so it is easy to move around.

For continuous operation

The powerful motor ensures a high cutting capacity and reliable continuous operation.

**Energy-saving** 

In stand-by mode, intelligent control programme EcoSmart ensures there is an exceptionally low power consumption of 0.1 watts.

High level of user safety

The safety element prevents unintentional entry of materials into the machine and thereby increases the user safety.

Automatic start/stop

The operation is very easy: the device starts automatically when fed paper and automatically stops after shredding is complete.

**Display bin full** 

The full bin is indicated via the display and the machine switches off automatically.

**Filling level indication** The filling level of the waste container can be seen at all times through the inspection window.

Lifetime warranty on solid steel cutting rollers at security levels P-2 to P-5 (according to ISO/IEC 21964).
