

# HSM SECURIO P36i

Professional shredder

Large Volume, High Performance

- Uses Energy Management Control System (EMCS) to deal with energy in a sensible manner by reducing energy consumption up to 30%
- Automatically switches to energy saving mode in 2 minutes after last use, switches off entirely if not used for 4 hours; temporary mode for small shredding jobs; and permanent mode for large shredding jobs
- High quality materials and “Made in Germany” quality for safety and durability.
- Integrated automatic oiler provides for consistently high cutting capacity. (HSM1853, HSM1852, HSM1855)
- The innovative drive and operating concept IntelligentDrive offers silent, standard and performance operating modes for destroying data efficiently and comfortably.
- Intuitive operation and menu selection via the high resolution touch display
- Powerful motor allows for continuous operation
- Cutting rollers are V-Tek by HSM with specially hardened steel rollers. This optimum design of all cutting unit components saves valuable energy.
- Equipped with Anti-Jam technology to easily and quickly reverse out paper in the event the machine is overloaded
- Includes a removable bag frame
- Uses a 58 gallon capacity shred bag; Part #HSM2117
